Project Status report

Name:	Mubarak Abiola Keshiro
Community (UN SD goal):	SDG 4,13,14,15
MVP #	3
Sprint cycle dates:	11/14/2023- 11/30/2023

Project Name	TVARUS
Blurb	An application for kids to learn about the real-world impact of their actions on their immediate environment. It would use the United Nation's Sustainable Development Goals as a framework to engage users in activities, games, quizzes, and challenges. It utilizes the aim of SDG 4(quality education) by incorporating a few other SDGs. Each SDG has its own module where different activities and games are a part of
For Week Ending	11/30/2023
Project Status	Green
Status Description	This project is successfully green as I completed all the planned MVPs for the scope of this time frame. All activities and games for each SDG is completed.

Activities—During the past sprint cycle

I worked on Implementing the new activities and quizzes for the last module (SDG) covering the life below water SDG
I conducted user testing with positive feedback e

Project Issues

None

Project Changes

No changes

Activities—Planned for Next Week

All activities have been completed. Possibly If time permits, I will improve the user interface of the application to make it more inviting to kids

Reflection

Do you feel "on track"? Yes I completed all planned tasks
What progress do you particularly feel good (great) about? An activity that lets user sorts aquatic animals to their respective habitats
What barriers (if any) do you feel is/are a current impediment to success? None
What help (if any) do you require to move positively forward? None

What questions or concerns do you have (if any)? None
